

Series of 4-6 lessons

- For these sessions, the children will need to have

their own individual logins set up in Purple Mash

- These can be made very simply with a two animal password, Login can be printed as a card and displayed for adults to see.
- The children will be creating their own avatar. They will be creating a picture using Paint Projects. They will be using the Online Work area. They will be searching Purple Mash.

Note: If you are currently using a single login per class or group and would like to set up individual logins yourself, then please see our guide to doing so at [Create and Manage Users](#). Alternatively, please contact support at support@2simple.com or 0208 203 1781.

Check with the Purple Mash Administrator in your school (usually the coordinator) if you need to change the children's passwords. You can create picture passwords for the younger children but if you're not sure how to do this just give the 2Simple office a call and we can talk you through it or set them up for you!
